

## Development Charge Rules

The main rules for determining if a development charge is payable in a particular case, and for determining the amount of the charge, are as follows:

1. Development Charge By-law No. **2014-101** applies to all lands in the Town of Amherstburg. Charges relating to municipal water and sanitary sewer services apply only to development receiving the respective services, based on provisions in the by-law.
2. Development Charges for all services shall be calculated and be payable on the date the first building permit is issued.
3. The following uses are wholly exempt from development charges under the by-law:
  - Lands owned by and used for purposes of a municipality, local board thereof, or board of education;
  - An interior alteration to an existing building or structure which does not change or intensify the use of the land;
  - The enlargement of an existing residential dwelling unit, or the creation of one or two additional units where specific conditions are met;
  - The enlargement of the gross floor area of an existing industrial building where the gross floor area is enlarged by 50 percent or less of the original gross floor area of the industrial building prior to the first expansion;
  - Buildings or structures used or to be used for a place of worship or for the purposes of a churchyard or cemetery exempt from taxation under the *Assessment Act*;
  - The development of non-residential farm buildings constructed for bona-fide farm uses; and
  - A building or structure used for a community use owned by a non-profit corporation.
4. A reduction in development charges under the by-law is allowed in the case of a demolition or redevelopment of a residential, non-residential, or mixed use building or structure, provided that the building or structure was occupied, and a building permit for the redevelopment of the land was issued within 60 months outside the downtown area and within 36 months inside the downtown area months of the issuance of the demolition permit.
5. The schedule of development charges shall be adjusted annually as of January 1<sup>st</sup> each year, in accordance with the most recent twelve-month change in the Statistics Canada Quarterly, "Construction Price Statistics".

## **TOWN OF AMHERSTBURG DEVELOPMENT CHARGES**

**By-law 2014-101 effective October 4, 2014 to October 4, 2019**

---

This pamphlet summarizes the Town of Amherstburg's policy with respect to development charges.

The information contained herein is intended only as a guide. Applicants should review By-law No. 2014-101 and consult with the Building Department to determine the applicable charges that may apply to specific development proposals.

The Development Charges By-law is available for inspection in the Planning Department and the Clerk's office, Monday to Friday, 8:30 a.m. to 4:30p.m and on the Town's website at [www.amherstburg.ca/planning](http://www.amherstburg.ca/planning)

Water	0%	100%	100%

- Property roll numbers assessed a charge under the Malden Sewage Project shall have the respective DC Charge reduced by \$1,422.28 for one dwelling unit per lot.
- As per current agreements regarding the Boblo Island Development, once development on the island reaches 145 units, DC Charges will become applicable.

Purpose of Development Charges

The general purpose for which the Town imposes development charges is to assist in providing the infrastructure required by future development in the municipality through the establishment of a viable capital funding source to meet the Town's financial requirements.

The Council of the Town of Amherstburg passed uniform Town-wide By-law No. 2014-101 on October 3, 2014 under subsection 2(1) of the *Development Charges Act, 1997*.
