INFORMATION REQUIREMENTS CHECK LIST

1. **SITE PLANS(S)**: should contain the following information. Applicant should check (✓) if complete or indicate (n/a) if not applicable.
- scale/north point, date
 - site dimensions (including area in square metres or ha.)
 - fire routes to be designated
 - abutting streets and alleys (including r.o.w. width)
 - speed bumps
 - buildings to be erected and/or enlarged (including dimensions)
 - road widening
 - buildings to be erected and/or additions to existing building (including dimensions)
 - distance between building(s) and nearest lot line(s)
 - parking areas and loading spaces (including number of spaces, size, aisle width, curbs, surface treatment)
 - pedestrian walkways
 - distance from parking areas to buildings and lot lines
 - landscaped areas (including treatment such as grass, ornamental paving, earth berms), sanitary sewer and storm sewer facilities
 - lot ending
 - landscaping features (including proposed trees, shrubs, hedges, labeled as to species, size and existing features, if any, to be retained)
 - overhead and underground wires with clearances
 - flood lights
 - walls, fences
 - meters and transformers
 - barrier posts
 - refuse storage areas
 - signs (if freestanding) signs must comply with sign by-law
 - other freestanding structures (including utility vaults, poles, light standards)
2. **ELEVATION DRAWING(S)**: applicant should check (✓) [including features Such as awnings, canopies, overhangs, balconies, etc.]
- scale, date
 - full view of all sides of the building(s) [including features such as awnings, canopies, overhangs, balconies, etc.]
 - dimensions of buildings, the location and size of all doors, windows and other openings
 - all visible exterior finishes labeled as to type
 - all wall, roof, projecting or fascia signs labeled as to type and size

3. OTHER PLANS: The Town of Amherstburg will advise if and/or all of the following additional plans are required:

Landscaping Plans: A separate landscaping plan will be required together with a listing of plant materials.

Lot Grading Plans: Where drainage problems or potential flooding hazards exist, the Building Department may require a grading plan.

Building Cross-sections: These may be required by the Town of Amherstburg to illustrate building features.

Survey Plans: If the property cannot be identified from a reference plan or registered plan, or if there are significant on-site features which require identification a survey plan may be required.

4. OTHER REQUIREMENTS

Financial Security:

A financial guarantee (certified cheque or irrevocable letter of credit (self-renewing without burden of proof) for 50% of the value of on-site improvements exclusive of buildings or structures is required as part of the site plan agreement. For all off-site works, the Developer will be required to provide security in the amount of 100% of the cost of the works. The Developer's Engineer will be required to provide a certified estimate of the cost of the on-site and off-site works for consideration and approval by the Town's Public Works Manager. Once the Town has inspected and approved the construction of the on-site and off-site works, the Developer will be required to provide security during the one year maintenance period in the amount of 15% of the cost of on-site and off-site improvements.
