

Safe Waste Disposal During COVID-19

IN WINDSOR / ESSEX COUNTY

LET'S KEEP OUR
WASTE COLLECTION
WORKERS SAFE
AND HEALTHY!

PRACTICE SAFE WASTE DISPOSAL

We're asking for your assistance to help our employees **stay safe** while they collect your garbage, recycling and yard waste. Please follow the guidelines below and help us keep our workers protected while they perform this valuable service. Your support is appreciated!

IF YOU ARE SICK:

Place **ANY** item that has come **into contact with your mouth, nose or eyes into the garbage** - even items that you normally place into your Recycling Boxes (e.g., water/drink bottles, pop cans, milk/juice cartons, etc.).

GARBAGE

Bag all waste/garbage. Do NOT place waste loosely in garbage containers.

Windsor/Tecumseh: Place plastic bags in your hard sided garbage container and place out for regular garbage collection.

RECYCLING:

Used rubber gloves, face masks, tissues, napkins and paper towels should ALWAYS be placed in the GARBAGE. Do NOT place them in your recycle boxes/carts. Keep all recyclables **LOOSE** in the boxes/carts.
