1. POLICY STATEMENT

- 1.1. The Corporation of the Town of Amherstburg is committed to establishing controls and procedures for the use and administration of the Local Improvement and Drainage Financing options to our residents.

2. PURPOSE

- 2.1. This policy provides the purpose, main source of financing, maximum term, and transitional process for administration of Local Improvement and Drainage Financing options to our residents.
- 2.2. This policy provides the purpose and conditions for the debt/account receivable financing directly tied to local improvement and drainage projects.

3. SCOPE

- 3.1. This policy applies to any and all Town employees involved in the administering of local improvement and drainage financing.
- 3.2. This policy only applies to the debt or accounts receivable financing directly tied to local improvement and drainage projects, or any other document that may refer to this policy or its sections.
- 3.3. This policy shall be reviewed every two years from the date it becomes effective and/or sooner at the discretion of the Director of Corporate Services/Treasurer.

4. **DEFINITIONS**

- 4.1. **Chief Administrative Officer (CAO)** is the Chief Administrative Officer for the Corporation of the Town of Amherstburg, which includes the roles and responsibilities as laid out in Section 229 of the Municipal Act, 2001.

- 4.3. **Director** is the person responsible for direction and operational control of a division as defined on the Town's organizational structure.
- 4.4. **Local Improvements** a Local Improvement is a project undertaken by the Town that provides a benefit to properties in a particular area of the municipality. The Town has the ability to recover all or part of the cost of the project by imposing local improvement charges on properties that benefit from the work.

Local Improvement projects could include:

- Installation of water and wastewater infrastructure
- Roadway reconstruction such as repaving
- Construction of a sidewalks, curb and installation of street lights
- Construction of traffic calming features, such as speed bumps
- Other projects are outlined in O. Reg 586/06 Section 1 (2) are construction projects that Council considers to be of greater benefit to only a particular area of the municipality, rather than to the whole municipality. Examples include street or lane paving, driveway crossing construction, new sidewalk, and curb and gutter. The full costs for these improvements are charged to the benefitting property owners.

- 4.5. **Municipal Drains** are either ditches or closed systems, such as pipes or tiles, buried in the ground that Council has adopted by by-law under the process of the *Drainage Act*. Municipal drains are primarily located in rural agricultural areas.

Municipal Drains could include structures such as:

- dykes or berms
- pumping stations
- buffer strips
- grassed waterways
- storm water detention ponds
- culverts and bridges

- 4.6. **Drainage Line of Credit** is a credit facility the Town of Amherstburg uses to finance the construction cost of the Municipal Drainage work in the interim until the work is completed and billed to our residents.
- 4.7. **Town** is the Corporation of the Town of Amherstburg.
- 4.8. **Treasurer** is the Treasurer for the Corporation of the Town of Amherstburg, which includes the roles and responsibilities as laid out in Section 286 of the Municipal Act, 2001.
