PRE-SUBMISSION PROCESS

The Planning Service Development will review the application form and attached documents for any errors, omissions, or clarification. A Pre-Submission package is circulated to relevant municipal departments and external agencies to determine what supporting studies, documents, and information are required, if any.

The Pre-Submission process does not imply or suggest any position or decision whatsoever on behalf of The Corporation of the Town of Amherstburg. Municipal departments and external agencies may provide comments for processes that are not indicated in Section 3. These comments are for information purposes only and do not represent the official position of the municipal department or external agency.

A Pre-Submission Letter outlining the required studies, documents, and information is sent by email and/or regular mail to the authorized agent, or in the absence of an authorized agent, the applicant listed in Section 1 and is valid for one year.

Changes to the proposed development after a Pre-Submission Letter is provided may require, at the discretion of the City Planner or their delegate, another Pre-Submission application including payment of the application fee.

It may be determined during the review of a development application that additional supporting studies, documents and information are required because of issues arising during the processing of that application. The applicant will be required to provide all supporting studies, documents and information identified through the Pre-submission process and through the review of any development application.
