Purpose of Minor Variance Application A/16/25:

The applicant is requesting relief from Zoning By-law 1999-52, as amended, Section 26(3)(k)(vi) which provides for accessory structure setbacks on Undersized Lots in the Agricultural Zone and states “a building or structure accessory to a single detached dwelling may locate anywhere within an interior side yard or rear yard provided that such accessory building or structure is not located closer than 3.0 metres to any lot line. All other regulations of the Accessory Uses provision of Section 3(1) shall apply.”

The applicant is proposing the construction of an additional residential unit (ARU) in an accessory structure with a 1.2 m interior side yard setback from the east property line.

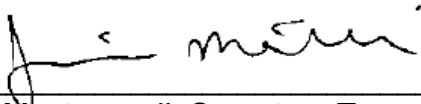

The proposed height, accessory structure lot coverage, total lot coverage and distance between the primary and additional residential unit all comply with the applicable zoning provisions.

Therefore, the amount of relief requested is 1.8 m (6 ft) in accessory structure setback on an Undersized Lot in an Agricultural Zone from the east property line.

The subject property is designated Low Density Residential and Natural Environment in the Town’s Official Plan and zoned Agricultural (A) Zone and Environmental Protection (EP) Zone in the Town’s Zoning By-law.
